

## New York Wing CAP Pilot Status Report - Power - Operations Section

Pilots with ATP or Commercial ratings reporting medical expiration dates applicable to Class 3 certificates are solely responsible for compliance with all applicable FAA CAP requirements.

"CD Transport Mission" flights may only be flown by a current commercial or ATP instrument rated pilot with a current 1st or 2nd class FAA medical certificate--see CAPR 60-1.

Pilots holding 1st & 2nd class FAA medical certificates may allow the privileges to downgrade to 3rd class status, but a change in status should be reported to Operations for record purposes.

Pilots listing qualification in more than one aircraft must comply with CAPR60-1, paragraph 3-5, c, g prior to acting as PIC for a listed aircraft.

Note #1: Pilots may qualify for more than one rating--example, a check pilot may also be rated as a mission pilot. All check pilots may serve as Instructor Pilots.

Note#2: CD Mission rated pilots are per CAPF91 requirements. Other requirements linked to the CD CAP program must be met--these are provided by Maj. Cox from official DEA and like data--latest update 11 Feb 2004.

Note#3: The ## 60 flag day alert will provide lead time for required actions to maintain currency per stated requirements--the ## flag will remain until the required action, or actions, are taken.

Note #4 Cadet Orientation Pilot Qualification--Listing herein signifies only that the check pilot determined that the pilot met the required technical requirements--to perform as a C.O.P. , the pilot must be so named on the listing issued by the Wing Cmdr.

Note 5: Safety Down Day Requirements--All CAPF5 checks that occur after a designated SDD are presumed to include applicable briefing--When a "new SDD" is designated, the "date clock" is reinstated for all pilots.

Note#6: Responsibility for record acquisition and maintenance rest with the unit (Group) level per CAPR60-1 The required data submission to support this wing-wide "management overview" report may be submitted in any form that meets all reporting needs. The use of the on-line e-mail form is suggested for both completeness and minimum delay.

Lt Col A. F. Larmann, Jr., Special Projects--Operations
